
Sec. 94-141. - Intent.

The intent of the citywide commercial districts is to allow a variety of commercial uses in selected areas throughout the city. The locations of commercial uses will vary depending on the intensity of use, existing patterns of use and proximity to existing or anticipated residential development. The commercial districts also will allow a wide range of commercial activities to be offered to city residents.

(Code 1979, § 33-61)
